

iPad Apps, District Account

Edgewater School District uses a shared Apple App Store account with free and paid apps accessible under the purchases section of the App Store. Each user may also choose to create an Apple ID using any preferred email account, or use any existing Apple ID. To login under the district account, use the following App Store account:

Apple ID: apple@edgewaterschools.org

Password: iPad1234

Paid apps are requested via [helpdesk](#). At this time, only full apps can be purchased, while we are unable to purchase in-app content and features.
