

Google Chrome Browser – Logging Into Your EDU Account

To log into your Google EDU account on your Chrome browser, do the following:

- On the top right hand corner of the browser window, click on the button to the left of the minimize button.
- In the ensuing popup, click on “sign in to chrome”
- Login to your account – if prompted about multiple accounts, select organizational Google Apps account
- Once logged in, you may be prompted to link data or create a new profile. Selecting link data will restore any bookmarks or other saved data from your user profile to your current session.

There are two existing Google Accounts for harcilla@edgewaterschools.org. Which account do you want to use?

	Organizational Google Apps Account Business account owned by edgewaterschools.org	>
	Individual Google Account An account that you created through the normal sign-up process	>

Link your Chrome data to this account

This account is managed by edgewaterschools.org

You are signing in with a managed account and giving its administrator control over your Google Chrome profile. Your Chrome data, such as your apps, bookmarks, history, passwords, and other settings will become permanently tied to harcilla@edgewaterschools.org. You will be able to delete this data via the Google Accounts Dashboard, but you will not be able to associate this data with another account. You can optionally create a new profile to keep your existing Chrome data separate. [Learn more](#)
