

To access the classroom website, click on the sign in button on the top of the Edgewater School District website and log in using the provided credentials. Once signed in, click on the site manager button on the top of the page next to “My Account”.

A new window will appear showing a list of sites and channels available to be edited. Select the classroom site page and make the desired changes/additions/deletion to the list of sub pages. Clicking on the green active button will hide the page from view until the page is ready.
