

To access the classroom website, click on the sign in button on the top of the Edgewater School District website and log in using the provided credentials. Once signed in, click on the site manager button on the top of the page next to “My Account”.

A new window will appear showing a list of sites and channels available to be edited. Select the classroom site page and make the desired changes/additions/deletion to the list of sub pages. Clicking on the green active button will hide the page from view until the page is ready.

The Technology Resources page is also available in the list of sites and channels. This links to a calendar to sign up for technology resources available such as mac lab, media center or iPad carts. To sign up for a resource, choose the appropriate subpage then enter information as suggested in the template below
